### **Meet Aludecor Opaco**

Imagine a warm matte texture that oozes sophistication. The perfect match for your creation. With lowlight reflectivity, the surface is completely opaque and smooth to touch. The subtle tactile effect accentuates facades greatly. Rich and elegant these nature-inspired ACPs offer neutral hues which do not clash with other colours in the environment. The dry matte appearance hides dirt and is delightfully easy to maintain. Try these attractive, gloss-free finishes to experience the new.
